

# George Welch

Is a founding member of the Building Industry Association and has contributed vastly to its growth and success.

George has served many years on the BIA's Board of Directors, and over the years he has donated his time and talents to such causes as Zoe's Room, Mrs. Aten's Renovation, Habitat, YMCA Camp Kresge, Home Show, and much more.

In April of 2006, his heart went out to our very own Ann Maria Grula and George built a sunroom on her home so she could enjoy the remainder of her life in her "Special Room". And who could forget his fabulous clambakes that he put on each year!

Recently, a serious illness has struck George and it has put him in harms way. Unable to work, and with medicine costing \$7,000 for a month's supply has put severe strain on him and now we must help him.

## George Welch Benefit

Saturday June 26, 2010 12:00 - 6:00PM
